SUMMARY

Aspiring Java Backend Developer pursuing a Bachelor of Engineering in Computer Science and Engineering with a CGPA of 8.56. Proficient in Java, frontend development, Git, and GitHub, with hands-on experience developing academic and personal projects. Passionate about building scalable backend applications, learning Spring Boot, and contributing to high-quality software development in a collaborative environment.

EDUCATION

J.J. College of Engineering and Technology

Bachelor of Engineering (B.E.) – Computer Science and Engineering, Current Year: Third Year, Expected Graduation: 2028
CGPA: 8.56 / 10

PROJECTS

CareerPilot AI – Placement Preparation Platform | Technologies: Java, Spring Boot, React.js, MySQL

- Developed a platform to support placement preparation through career-focused features.
- Designed responsive user interfaces and integrated backend functionality.
- Applied modern web development practices for a better user experience.

Student Grade Tracker System | Technologies: Java, Swing, MySQL

- Developed a desktop application to manage student records and academic performance.
- Implemented grade calculation and record management using Object-Oriented Programming principles.

Hotel Reservation System | Technologies: Java

- Built a console-based hotel booking application.
- Implemented room booking, customer management, and reservation features using Java.

Music App | Technologies: HTML, CSS, JavaScript

- Designed a responsive music player interface with playback controls.
- Focused on clean UI and user-friendly navigation.

Image Gallery | Technologies: React.js, HTML, CSS, JavaScript

- Developed a responsive image gallery with organized image display.
- Implemented reusable React components and modern frontend practices.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript

Frontend: HTML5, CSS3, React.js, Responsive Web Design

Backend: Spring Boot (Learning), REST API (Learning)

Database: MySQL

Version Control & Tools: Git, GitHub, VS Code, Eclipse IDE

Core Concepts: Object-Oriented Programming (OOP), Collections, Exception Handling, Basic Data Structures

CERTIFICATIONS

CodeAlpha – Java Development Internship Certificate

CodeSoft – Java Development Internship Certificate

TechVench – Frontend Web Development Course Completion Certificate

ACHIEVEMENTS

First Prize – Technical Symposium

LANGUAGES

Tamil (Native) English (Professional Working Proficiency)

STRENGTHS

Strong problem-solving mindset Quick learner with adaptability Team collaboration Passion for Java backend development Continuous learner with interest in modern software technologies
